REMINDERS

OUR SPACE IS YOUR SPACE

You are welcome to customize our space to create the atmosphere you envision. If decorating isn't your thing, we have additional decorating options and amazing designer recommendations. All of our tables, furniture and decor must remain where they are located. We do not allow nails, screws, staples or adhesives that cause damage. Feel free to speak with our venue manager for more details.

SET UP + TEAR DOWN

Don't stress, our team is here to make sure your special day is special. When you arrive to prepare for your big day, our team will help set up tables, chairs, linens, napkins, chinaware and glassware. This lets you focus on centerpieces and all the final touches. As you dance the night away, our team handles table clean up and helps gather all your decorations.

TABLES | CHAIRS | LINENS

Our packages include tables, chairs, ceremony chairs, 25 solid color table linens and 200 linen napkins. Accent decorations are available for your use, with add-on options for additional guests.

CANDLES + LIGHTING

Natural lighting in our venue is a dream, with floor-to-ceiling windows at both ends of our grand reception area. To top it off, gorgeous chandeliers accent the room and touches of lighting along the walls bring the entire venue to life. We love the elegant atmosphere candles create, and you're welcome to include them in your decor. Candles must be smokeless and in a flame-retardant holder at all times.
